Work Experience

2017 – Present : CNC Machine Operator

As a 3rd-year computer science student at CSUF, I have been working as a CNC machine operator. I have gained experience in setting up and operating machines, as well as troubleshooting and maintenance. I have also learned the importance of attention to detail and accuracy in my work.

2018 – Present : Programming Projects

I have created several small projects using C++ and Python, including a calculator, a text-based adventure game, and a web scraper. These projects demonstrate my proficiency in these languages and my ability to apply programming concepts to real-world problems.

Education

2022 – Present :

California State University, Fullerton | Computer Science

I am currently pursuing a Bachelor's degree in Computer Science at California State University, Fullerton. I have completed coursework in data structures, algorithms, and programming languages such as C++ and Python.

2019-2022

Golden West College | General Education

Before transferring to California State University, Fullerton, Duong Vu completed general education coursework at Golden West College. He took courses in mathematics, English, and social sciences.

Skills & Expertise

I had strong programming skills in languages such as C++ and Python. I'm experienced in data structures and algorithms, and have completed relevant coursework in these areas. I also have experience with machine setup and troubleshooting, as well as professional experience gained through my work as a CNC machine operator. I'm a quick learner and is always looking to improve my skills.
